

ado. She has started an investigation that may prove unpleasant for some members of the Employers' and Contractors' ass'n.

Cummings was seen. He admitted the story of the men was substantially true. He seemed proud to show the contracts which the men signed, and which seemingly leave them no right to recover damages. The contracts were signed by J. W. Shelby for The Empire Construction Co.

The five wretched Cincinnatians who were so easily duped and as easily thrown on the junk heap by their employer are: Isaac Jackson, A. C. Sparks, Tom Allen, Rob't Van and Harry Lenhardt.

Far from holding animosity, White City Council, union lathers against whom the men were scabbing, will through its individual members try to straighten out the difficulties of the misguided ones.

SCHUETTLER'S CHAUFFEUR IS MIXED IN VASEY CASE

The disappearance of Albert Vasey and the startling developments in the case since Judge Petit started a search for the missing witness in the robbery trial of Peter Kane have taken a "dime novel" aspect.

A policeman, John Dean, chauffeur for Ass't Chief Schuettler, was suspended yesterday when, trapped by a stenographer for State's Atty' Hoyne, he admitted that he knew a great deal about the case yet refused to talk.

He was sent to State's Atty'y Hoyne's offices to talk to Annie Curry, sweetheart of Peter Kane, and Mrs. Mary Kane, his mother. A stenographer was hidden in a closet to record the conversation. According to the police he told the woman to keep quiet and Kane would win his case, then came out of the office and told Hoyne aids the woman refused to talk.

Vasey, according to the police, has been shifting from one shady hotel

to another, in company with a woman friend of Kane. They are paying his expenses and "showing him a good time" to keep him from testifying in the Kane case.

MERELY COMMENT

'Nother campaign lie nailed.

Bob Sweitzer denies that he is Roger Sullivan's brother-in-law.

On the contrary, Bob is brother-in-law of Roger's brother.

Roger himself is merely Sweitzer's brother-in-politics.

Vic Lawson's peeve at Thompson for exposing Lawson's taxdodging gives the Sullivanites the News as a party organ.

Now, if Bob Sweitzer is real good, Vic will probably turn all his pet reformers loose for the Dem. candidate.

Maybe that's why Robert favors keeping the lid on the town.

Anyhow, Lawson is now trying to make his readers believe Lorimer is running for mayor.

Lorimer's enemies will probably keep pounding him after he is dead.

It helps kick up a dust to cover up the plays of the Sam Insull bunch of gas, traction and electric magnates.

In the meantime, hard times are not preventing the public utilities from advertising in the loop press.

It pays to advertise y'know.

Among the matters Sweitzer says he won't consult Roger on is engineering—BUT

That doesn't refer to political engineering. For at that Roger is an expert.

NEW BASTARDY LAW MAY PASS

The efforts of Rep. John Gardner to have a man found guilty of bastardy compelled to pay a \$3,000 fine to the mother of the child seems likely to meet with success. Yesterday the judiciary committee reported favorably on the bill. Judge Goodnow spoke before the legislature in behalf of Gardner's bill.
